Brown, David			Husband of Rebecca DENT, who inherited Beckford form her father Peter DENT, at the time P.A. was erected in 1733, as the owner he selected lots 2 & 3. He died shortly afterward creating a title problem for the purchasers of lots since the Lord Proprietor claimed it escheated to him. It took an act of legislature to clear up the problem. In 1751 an act was passed to confirm title upon payment of 20 shillings sterling to the proprietor and a fee of 0/2/6 to the clerk of court. The county also had to pay the 20 shillings for the public ground.

According to the depositions of Benjamin VENABLES and Richard MILLS made on 9/21/1762 and recorded among the land record in C142. Samuel had traded the mill property to William VENABLES for 400 acres of land in 1754, that a bond in the penalty of £500 was given by Samuel for conveyance, that the 400 acres had been conveyed at Samuel's direction to a third party, that Samuel had moved to St. Mary's Co & subsequently died with having conveyed to William, and that Williams' house had burned down in March 1760 and the bond burned in the fire.
